# Brainingcamp **LIVE**

See all your students' screens, monitor their progress, and provide instant feedback. LIVE lets you assess and recognize student work, while providing individualized guidance. Students feel supported and safe because only you can see their work.
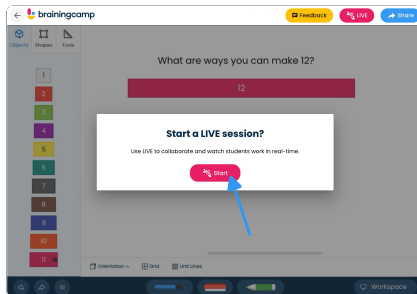

▶ TEACHER VIEW

LIVE provides a unique opportunity to assess student work and give individualized instructions—making class time more efficient!

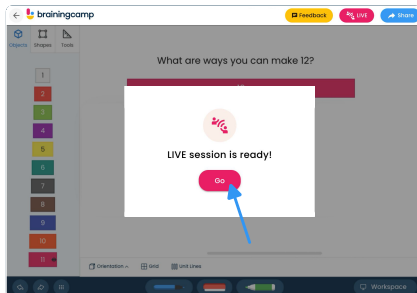

Step 1

Begin a LIVE session from a blank manipulative screen or an existing Share Code. When you're ready click "**LIVE**".

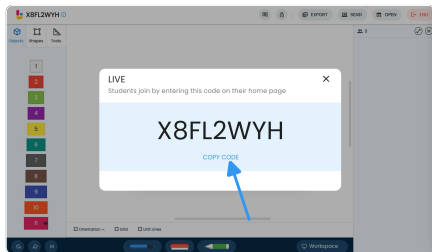

Step 2

Select "**Start**".

Step 3

Your LIVE session is ready. Select "**GO**". A new tab will open and the LIVE Session will begin.
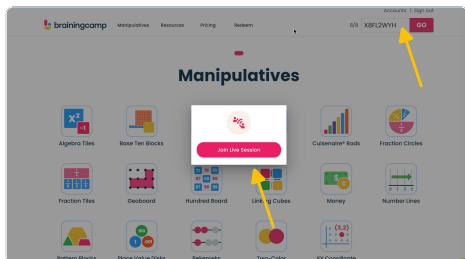

Step 4

Select **COPY CODE** and Share with your participants.

DETAILED TEACHER SCREEN

- Lock activity as needed
- Click to end LIVE Session
- Whole Class Bar
- Number of Participants in a LIVE Session
- Options to expand to view all participants
- Student Thumbnails

**What are ways you can make 12?**

STUDENT VIEW

LIVE builds student confidence with active, applicable learning combined with direct and live guidance when they are stuck. Student work is only viewable by teachers.

Step 1

Participants enter the LIVE Code into the Share Code box on the home screen and Press Go. Then, select "**Join LIVE Session**".

Step 2

Participants are directed to use any combination of two digits or letters to identify themselves prior to starting a LIVE session.

Step 3

Participants are now ready to engage in the LIVE activity!
